*Prof. Bhola Raj Joshi
President, NTS*

Message by the Organizing Chairman

'Welcome to 1st conference of NTS and 11th conference NUTS of SAARC'

Join us in Kathmandu on 27 & 28 April 2018 at Hotel Radisson Kathmandu for first conference of Nepal transplant society along with NUTS of SAARC, organized by Nepal Transplantation Society in association with the Nepal Society of Nephrology . Kidney transplantation was the first solid organ transplantation which successfully started for the first time in Nepal in August 2008 in Tribhuvan University Teaching Hospital, Maharajgunj, Kathmandu now there are four centers providing the service regularly. Other organ transplantation service needs to be further developed. The 1st conference of NTS is scheduled for 25 to 28 of April 2018 in The Radisson Hotel, Kathmandu. Renowned speakers from Nepal and abroad will deliver their talk on the various aspects of transplantation. Hundreds of national and international delegates will attend the meeting. Apart from setting historical milestone of its type, this conference will build up ties between the participants and help to improve the level of patient care in this area.

*Prof Dibya Singh Shah
General Secretary, NTS*

Message by the Organizing secretary

It gives me an immense pleasure to welcome you all on behalf of organizing committee of 1st conference of Nepal Transplantation Society and NUTS of SAARC organized by Nepal Transplant Society in association with Nepal Society of Nephrology. The conference is going to be organized on 27 & 28 April 2018 in Hotel Radisson, Kathmandu Nepal . We assure you that we will put our best effort to make your stay in Kathmandu enjoyable and memorable. Kathmandu valley is known for its natural beauty which is surrounded by beautiful hills and mountains. It has a rich history and has 7 world heritage sites. It is famous for temples and Stupas. Pashupatinath is famous for hindu pilgrims. I look forward to welcome you all in Kathmandu .

Nepal Transplantation Society (NTS) is a nonprofit non-government organization. It is a community of medical professionals working in the field of transplantation. Its members include specialists and allied human resources working in kidney, liver and bone marrow transplantation. It holds academic activities to uplift the level of skill and knowledge in the medical community working in the field of organ transplantation. It aims to play instrumental role in providing specialist consultation to the government agencies in planning and implementation of long term strategies in the area of organ transplantation in the country. Although corneal transplantation started earlier, kidney transplantation was the first solid organ transplantation which successfully started for the first time in Nepal in 2008 in Tribhuvan University Teaching Hospital, Maharajgunj, Kathmandu. Bone marrow transplantation started in 2012 in Civil Service Hospital, Baneshwor, Kathmandu and liver transplantation started in 2017 in Human Organ Transplant Centre, Bhaktapur.

The First conference of NTS and 11th NUTS conference is scheduled for 27th and 28th of April 2018 in The Radisson Hotel, Kathmandu. Renowned speakers from Nepal and abroad will deliver their talk on the various aspects of transplantation. Hundreds of national and international delegates will attend the meeting. Apart from setting historical milestone of its type, this conference will build up ties between the participants and help to improve the level of patient care in this area.
